## VACANCY ANNOUNCEMENT

**LOCATION: CENTRAL VALLEY REGIONAL WATER QUALITY CONTROL BOARD  
11020 SUN CENTER DRIVE #200, RANCHO CORDOVA, CA 95670**

### **SENIOR WATER RESOURCE CONTROL ENGINEER (RPA 04-150-59)**

**DUTIES:** Under the general direction of an Environmental Program Manager, manage, supervise, organize, direct, and coordinate the technical work of five staff and one student within the Waste Discharge Requirement (Non-Chapter 15) Program. Provide regulatory oversight on domestic wastewater treatment facilities, food processors, sand/gravel operations, mines, and similar sites which discharge waste to land. Duties include: direct supervision of engineers, geologists, and scientists, developing and implementing workplans; tracking expenditures; review of all unit work for grammar, technical, legal, and policy content; updating various databases; and representing the Board at various meetings and public hearings. The functions of the unit include: preparing waste discharge requirements and enforcement actions; writing reviews of technical reports, self-monitoring reports, and CEQA documents; conducting field inspections to determine compliance; meeting with Dischargers and their consultants; investigating and responding to complaints; and presenting contested items before the Regional Board. Regional Board regulatory experience, understanding of the Waste Discharge Requirement Program, and the ability to communicate effectively - both verbally and in writing - are necessary for success in this position.

**DESIRABLE QUALIFICATIONS:** Excellent organizational skills, including the ability to coordinate multiple tasks and set priorities and deadlines for technical staff; comprehensive knowledge of water quality laws and Regional Board and State Board plans, policies, and regulations; ability to work both independently and cooperatively as a team leader; ability to negotiate and build consensus; ability to ensure that all written work is clear, concise, and readable, as well as grammatically, technically, legally, and politically correct; ability to manage unit so that it is effective, innovative, and responsive; ability to identify technical and sensitive issues that require management approval; ability to work effectively with professional staff and the public while maintaining cooperative relationships.

**WHO MAY APPLY:** Applicants must hold a current Senior WRCE appointment or possess list, transfer, or reinstatement eligibility. Priority will be given to individuals with current reemployment, SROA, and surplus status. Applications will also be accepted from individuals with Senior Engineering Geologist, Senior Environmental Scientist, and Senior Land and Water Use Scientist eligibility. Applications will also be accepted from competitors in the upcoming Senior Environmental Scientist examination. However, candidate must have list eligibility in order to be appointed. Applications will be screened and only the most qualified applicants will be interviewed.

**Permanent, full-time. Final filing date: December 28<sup>th</sup>, 2004. Submit a resume and state application form to Wendy Wyels, Environmental Program Manager, Central Valley Regional Water Quality Control Board, 11020 Sun Center Drive #200, Rancho Cordova, CA 95670 or**
